

Bristol City Council Community Infrastructure Levy Report (2016/17)

Background

1. Bristol City Council's Community Infrastructure Levy (CIL) charges took effect on 1 January 2013 and the Council is both a CIL Charging and a CIL Collecting Authority. Regulation 62 of the Community Infrastructure Levy Regulations 2010 (as amended) requires CIL Charging Authorities to produce an annual report detailing CIL income and expenditure. This is Bristol City Council's annual report for the year 1 April 2016 to 31 March 2017.

Allocation of CIL

2. CIL income is required to be allocated as follows:
 - Up to 5% of CIL can be applied towards its implementation and ongoing administration
 - 15% (25% in areas that have a Neighbourhood Development Plan in place) of CIL is passed to the Parish Council in whose boundary the development that paid the CIL is located, for the provision of local infrastructure improvements or other measures to support the development of the area (referred to as Local CIL)
 - 80% (70% in areas that have a Neighbourhood Development Plan in place) of CIL is to be applied to strategic infrastructure to support the growth of the CIL Charging Authority's area (referred to as Strategic CIL)

Parish Councils / Neighbourhood Partnerships

3. Bristol City Council is not parished, however up until 31 March 2017 it had Neighbourhood Partnerships, which had formal devolved responsibility over a number of areas of Council spend. There were 14 Neighbourhood Partnerships across the City, each of which comprised two or three wards. Spending decisions were taken by Neighbourhood Committees, which comprised the elected Ward Members in each Neighbourhood Partnership area. The decisions were taken in formal open meetings that were minuted by the Council's Democratic Services officers. Notice of Neighbourhood Committee meetings was published on the Council's website, as were minutes of the meetings setting out any decisions taken.
4. Up until 31 March 2017, decisions over the spending of the Local CIL were devolved to the relevant Neighbourhood Partnership, and this CIL report also covers the spend of the Local CIL. It should be noted that as of 1 April 2017 Neighbourhood Partnerships have ceased and an alternative mechanism will be put in place for allocating the Local CIL.

Neighbourhood Development Plans

5. There are currently two Neighbourhood Development Plans that have been approved in the Council's area. These are the Old Market Neighbourhood Development Plan which took effect on 15 March 2016, and the Lawrence Weston Neighbourhood Plan which took effect on 15 March 2017.
6. In order to qualify for the increased percentage (25%) of Local CIL, the relevant CIL income must have been received from a development that was granted planning permission in an area covered by a Neighbourhood Development Plan, after the Plan had been approved in a local referendum. No such CIL has yet been received and therefore the devolved percentage was 15% for all contributions received in 2016/17.

CIL Income (2016/17)

7. Total CIL income in 2016/17 was **£4,065,890.64**. Details of each CIL receipt and how it was apportioned are set out in Appendix A. The Council did not receive any land or infrastructure payments (i.e. the provision of land or infrastructure in lieu of paying CIL) during 2016/17.
8. Local CIL income devolved to Neighbourhood Partnerships in 2016/17 was **£609,883.60**, which is 15% of total CIL income for the year. A summary of CIL income and expenditure for each Neighbourhood Partnership is set out in Appendix B.

CIL Expenditure (2016/17)

9. Total CIL expenditure in 2016/17 (excluding Administrative Expenses) was **£179,001.48**. This comprised solely Local CIL expenditure. Details of this expenditure are set out in Appendix C. There was no Strategic CIL expenditure during the year for the reason set out in Paragraph 10 below.
10. On 1 March 2016 a Cabinet decision was taken to apply £8,000,000 of Strategic CIL to infrastructure to support development on "Arena Island" which forms part of the Temple Quarter Enterprise Zone. It is anticipated that this sum will be available in 2018/19.

11. In addition to the Local CIL expenditure, many decisions have been made by Neighbourhood Committees to apply Local CIL to infrastructure schemes, and these monies will be drawn down once the relevant schemes progress to implementation.

CIL Administrative Expenses (2016/17)

12. The sum of **£40,658.82** was applied to the administration of CIL in 2016/17, which is 1% of total CIL income for the year. This is less than required. However, due to the 2015/16 administrative sum being significantly more than required a balance was carried forward into 2016/17. It is intended that the administration component of CIL will remain at 1% for 2017/18.

Previous Years Strategic CIL Expenditure

13. Strategic CIL expenditure that occurred in previous years is set out in the following table. This is for information only, and the expenditure shown is not included in figures contained in this Annual Report, as it occurred prior to 1 April 2016.

Year	Scheme	Expenditure
2015/16	Provision of a Metrobus route linking Ashton Vale with the City Centre via Temple Meads Station	£5,000,000
2015/16	Provision of Environmental Improvements to Gainsborough Square, to support development and assist in encouraging growth in Lockleaze	£750,000
Total		£5,750,000

CIL Financial Summary

14. The CIL financial summary for 2016/17 (excluding Administrative Expenses) is set out in the following table:
