Dear Bidders

Re: Adult Social Care Providers Single Framework

ProContract Ref ID: DN671282

Round 4 of the Adult Social Care Providers Single Framework is now open.

The tender paperwork has been updated, please familiarise yourself with this documentation before submitting a bid.

At present, we do not have a deadline for responses. The timeline will be updated and communicated via ProContract in due course. Bidders will be notified a minimum of 30 days before the closing date and time for receipt by the Council of completed bidder responses via the ProContract tendering system.

All queries, questions, and requests for information regarding this bid should be made via ProContract. You will need to include the wording "ROUND 4" in the subject line of your clarification, failure to do so may mean that your clarification is missed.

As previously communicated, all bids that have been submitted between Round 3 closing (23rd September 2025) and Round 4 opening will be marked as incomplete. This is to ensure you have read the latest terms and conditions and have sight of the 26-27 price caps. Please note if you are affected and intend to apply during Round 4, you will need to **resubmit your bid**.

We appreciate your understanding and continued engagement.

Kind regards,

The Project Team
