

Ward	Title	Name of Organisation/ Applicant	Project Description	CIL requested £	S106 requested £
Bedminster	Lighting and flooring improvement at Ashton Vale Club for young people	Ashton Vale Club for Young People	AVCYP provides a safe space for young people aged 8–19 and wider community use. This proposal will improve safety and accessibility by upgrading exterior lighting, installing internal sensor lighting, and adding new flooring to the upstairs classroom, creating a more welcoming, safe, and energy-efficient environment	£40,000.00	
Bedminster	West Street BS3 Community Hub- flexible fit-out	Bedminster Works CIC	The project will fund the spatial design and fit-out of the new 80sqm community hub to enable flexible community use. Modular furniture, integrated storage, adaptable surfaces and equipment will allow the space to be reconfigured for events, workshops and community activities, maximising the cohesion function of a compact neighbourhood facility.		£70,000.00
Bedminster	Improving safety outside Compass Point: South Street School and Family Hub	Cllr Ellie Freeman	Pick up and drop off are very busy and unsafe with cars parking in the middle and an inadequate crossing. Various designs have been drawn up over the years		
Bedminster	Improving safety around Ashton Vale School	Cllr Ellie Freeman	Pick up and drop off are very busy and unsafe. There are no crossings or signage near the school and speeding is a problem. There has been a recent near miss of a child on a bike. I understand the school has been in discussion with officers. Options could be – school crossings, signs re school in the area, more speed limit signs.		
Bedminster	Reduce speeding and improving road safety in Ashton Vale	Cllr Ellie Freeman	Speeding vehicles are dangerous and causing issues for residents.		
Bedminster	Install a barrier fence at Luckwell School	Cllr Ellie Freenman	The school does not have a proper fence providing privacy.		
Bedminster	Improving access to North Street Green (NSG) open space	The Friends of North Street Green	Construct a long, low gradient slope/pathway from the corner of Luckwell Rd up onto the Green, and re landscape the corner with terraced planting and seating.	£10,000.00	
Bedminster	Improving pedestrian safety: The Chessel Centre	BS3 Community Development	We are addressing a safety issue outside our community facility and nursery, where unsafe parking and poor visibility create risks for children and families during busy drop-off and pick-up times. Installing zig-zag lines and bollards will improve pedestrian safety and prevent dangerous vehicle movements (such as mounting the pavement)	£4,000.00	

Bedminster	Improving the pedestrian access in Bower Ashton	Cllr Ellie Freeman	The level of traffic and students lead to concerning issues every day. There are a number of possible solutions: Improving the tunnels. Improving the crossing on Clanage road		£70,000.00
Bedminster	Reduce speeding and improving road safety in Ashton Vale	Cllr Ellie Freeman	Speeding vehicles are dangerous and causing issues for residents.	£50,000.00	
Bedminster	Improvements to Smyth Road	Cllr Ellie Freeman	This road has a lot of HGVs going down it unnecessarily, causing houses to shake and waking people up in the early mornings. There is also a lot of speeding.	£50,000.00	
Bedminster	Improvements to Winterstoke Close and Marsh Lane	Cllr Ellie Freeman	Winterstoke Close is used as a cut-through with traffic avoiding the lights. This is dangerous for pedestrians and noisy for residents. Marsh Lane has issues with excessive parking, which has led to an ambulance being blocked.	£50,000.00	
Bedminster	Improvements to the crossings between Luckwell Road, Smyth Road and Chessel Street	Cllr Ellie Freeman	This whole area feels unsafe to cross, despite the island crossing at the top and the dropped kerb. Crossing the top of Smyth or the bottom of Chessel Street feels unsafe as there are cars coming from different directions. Parking on corners are also an issue.	£50,000.00	
Bedminster	New metal planters on Bartletts Bridge	Friends of Parson Street Railway Station	The current wooden planters which were installed more than 10 years ago as part of the Bridge regeneration are rotten and unsafe. We are a small group of volunteers willing to plan, install and maintain new metal planters.	£3,000.00	
Bedminster and Southville	Lighting for key south Bristol sustainable transport route	Bedminster and Southville ward Cllrs	Lighting across Ashton Ave Bridge and from the bridge to Clift House Road, Bower Ashton Campus and Ashton Park school to Winterstoke Road and Coronation Road. Installing suitable lighting across these locations as a key element of sustainable transport safety and confidence for use. Requested particularly by women and our young people as well as the police at Bower Ashton Campus.	£25,000.00	
Bedminster and Southville	New surface for paths and play space next to the Fenced Play area and improve seating in Greville Smyth Park.	Friends Of Greville Smyth Park	Resurface the area adjacent to the Play area, currently pitted and breaking down. Resurfaced area will be painted by volunteers to include a roadway, hopscotch and painted play spaces. This area is used as warm up space for Junior Parkrun every Sunday. The paths in general also need repair, but we currently hope to use residual CIL allocation to patch the paths alongside the Ashton Road. Benches need to be re positioned or replaced to areas more central to the park pitches and open green space.	£30,000.00	

Filwood	Additional Street Lighting, Samuel Barnett Close	Toynbee Road and Samuel Barnett Close Neighbourhood Watch	Install street lighting in the Cul-de-Sac, Toynbee Road and Samuel Barnett Close, one end of Samuel Barnett Close, currently has no Street Light. To improve safety.	£6,527.00	
Filwood	Building improvements to The Inns Court Community & Family centre	The Inns Court Community & Family Centre	o Controls fixed so heating can be regulated/zoned - making people more comfortable & the Centre operate more efficiently. Cooling system introduced to make the summer months more bearable. Improvements made so the Centre has the robustness/capacity to serve more people. E.g. better seating, capability for people to work from the Centre (by improving circuit/distribution boards and sockets).	£20,000.00	
Filwood	Complete works to improve Knowle West Health Park	Cllr Lisa Durston	Improvements to the play area and surrounding green space so that Filwood has a destination play park. Last year, we secured aprox 80k for improvements to the play park but were advised this was not adequate to completely renovate the park.		
Filwood	Improvements to Community and Social Club- Broad Plain House	Broad Plain House Community & Social Club Ltd	To make the club accessible for disabled users we need to install a ramp and a disabled toilet, and also changing facilities for adults and their children We would also like to install a unisex toilet for those members that are part of the LGBTQ+ community	£65,000.00	
Filwood	Extra bins for Inns Court estate, especially around the large green areas.	Cllr Lisa Durston	Identify locations and install extra bins/dog poo bins on the Inns Court estate. Arrange the regular maintenance and emptying of the bins.(Please note this is separate to an ongoing agreement in principle to a singular bin on the path behind Bantock Close, by the Youth Zone.		
Filwood	Benches for Inns Court estate, especially around the large green areas.	Cllr Lisa Durston	Identify locations and install 2 benches on the Inns Court estate.		
Filwood	Neighbourhood Trade Crew training programme to create local jobs in construction	WeCanMake	Our proposal is to run a Neighbourhood Trade Crew training skills programme to support local people to access construction jobs associated with development in our area including new house building and retrofit. The skills development will integrate traditional trades, digital design and fabrication, and working with natural building techniques and materials. Our focus will be on recruiting and working with people who do not usually get to access construction jobs, including women, people of colour, and queer people	£15,000.00	

Multiple wards	Take a Stand- cycle parking at community venues	Life Cycle	<p>Life Cycle's "Take a Stand" scheme has installed 5,500 secure cycle stands at community venues over the past 25-years, free of charge.</p> <p>We have a waiting list of local venues asking for stands...but no funds to help. CIL funding will install 60 new cycle stands (parking for 120 bikes) at local venues that pro-actively apply to host it.</p> <p>This intervention is community-led by design, countering arguments that new investment in local cycling infrastructure is 'imposed on' residents.</p>	£12,500.00	
Multiple wards	Making Bristol heart-safe by stopping avoidable deaths from cardiac arrests:3 public access defibrillators to be installed including a secure case, installation, registration with the national database to ensure visibility to 999 service and local training.	GWAAC	To install more defibrillators in at-risk neighbourhoods, as identified by our strategic mapping tool which uses health and demographic data to identify areas most in need of a device.-To work within those communities to train local people in giving lifesaving CPR and using a defibrillator.	£10,000.00	
Southville	Glass partition and automatic doors to create accessible community café and welcome space	St Paul's Church, Southville	Install a glass wall and doors to form a separate café and welcome area, alongside an automatic entrance door. This will improve accessibility, reduce disruption, strengthen safeguarding through better zoning and access control, and create a flexible, energy-efficient space for services, events and wider community use. This project builds on catering improvements funded in 2024, ensuring previous investment is fully utilised and delivers maximum community benefit.	£40,000.00	
Southville	Improvements to community spaces at Windmill Hill City Farm	Windmill Hill City Farm	The farm's vital role as a place for the community to meet, grow and learn relies on our ability to improve our spaces and bring in income. We would make our buildings more welcoming and energy efficient with improvements such as new flooring, windows and kitchen facilities, and accessible pathways.	£15,000.00	
Southville	Warden Rd communal waste compound	Warden Rd/East Str flat residents	Sight of large waste bins and recycling containers being visible to all and everyone walking past as the current fence is industrial metal strips and more gap than fence To cover this fence with aging beach wood (or another suitable wood) like the communal waste storage area on Queens Rd BS8 where those living on the street or walking past don't have to look at waste bins	£7,000.00	

Southville	Berrycroft estate security upgrade for access to the grounds	S/V ward Cllrs on behalf of their residents	This is the next stage of making the above council housing more secure re those able to enter the grounds. This is a council tenanted small flat complex that can be accessed via Berchel a next door block. There is a need and an avenue to make the grounds more secure for the residents. In recent years there has been open access for the public, the avenues for this can and need to be controlled for actual safety and feelings of safety for those who live there. Second stage of security upgrade for the complex and entrances/exits	£10,000.00	
Windmill Hill	Supporting Biodiversity-Totterdown Urban Nature Reserve	TRESAcic	'Five trees make an orchard' will encourage five people living in the same street to plant a small fruit tree or shrub in their front garden. This will include publicising and promoting the benefits of the project and encouraging other streets to be involved	£500.00	
Windmill Hill	Broad Plain Community Solar Panel Sustainability Project	Broad Plain RFC	We will install solar panels to generate clean, renewable energy, significantly reducing operating costs and lowering our carbon footprint. This investment strengthens the club's long-term sustainability, protects community services from rising energy prices, and ensures our facilities remain affordable, resilient and environmentally responsible for local residents.	£30,000.00	
Windmill Hill	Broad Plain Community Hub Renovation Project	Broad Plain RFC	We will renovate the upstairs clubhouse to create a modern, flexible community space available for daytime use by local groups, charities, and wellbeing activities. This upgrade maximises an existing asset, increases community access to safe, inclusive facilities, and generates sustainable revenue for the rugby club, strengthening its long-term role in the neighbourhood	£35,000.00	
Windmill Hill	Higham Street Open Space protection	Higham Street Residents/ TRESA	The green open space is regularly damaged by cars encroaching on it and parking on it. The community would like to see the space protected from this. Ideally bollards, but possibly planters or other solutions to stop the cars getting onto the grass		
Windmill Hill	Holroyd House Open spaces improvement project	Brendon and Holmesdale Roads and other local residents	Improve the space to discourage flytipping and encourage better use, as well as a user and disability-friendly path to connect Brendon and Holmesdale Roads. A bench and planting would ideally be provided, and if fruit trees could be provided this would provide food for the social tenants		

Windmill Hill	Traffic Safety on Marksbury Road	Cltr Ed Plowden	Residents are concerned about the speed and volume of traffic, including heavy vehicles. They think that much of it is shortcutting and should be using more appropriate roads. The triangular green space at the Wedmore Vale end could do with protection from damage caused by people parking cars on the grass		
Windmill Hill	Access into Victoria Park	TRESA cic	We would like a gap to be made in the wall to enable people to enter the park on the desire line. (Otherwise people are still crossing the road on the desire line rather than the crossing, which is a road safety issue.		
Windmill Hill	Improvements to Three Lamps signpost and its setting	TRESA cic	Refurbishing the signpost and replanting the neglected flowerbed around it with nature friendly planting. It may be possible to refurbish the three lamps at the top so that they work.		
Windmill Hill	Improvements to School Road Park	TRESA cic	Some new play equipment, seating, picnic tables, shelter, nature friendly planting		
Windmill Hill	Secure picnic area in Victoria Park	Victoria Park Action Group	Bow top fencing to match the existing to extend the playground area by the Lodge to reserve it for children, picnickers and exclude dogs, and a couple of picnic tables, if possible. Unlike last time we would propose not putting in a concrete strip to prevent the need for strimming, instead we would be happy to let the grass and wildlife grow in the immediate vicinity of the fence eliminating the additional costs of strimming. We would therefore like the costs adjusted accordingly	£28,750.00	
Windmill Hill	Seeds for the award-winning community garden.	Victoria Park Community Garden	Victoria park has an amazing community garden, with a lot of volunteers, whose time is priceless. They need £100 for some seeds to sow. This will allow the garden to continue blooming with vibrant colour that will give joy to all the visitors who go to Victoria park.	£100.00	
Windmill Hill	Water maze bricks- Victoria Park	Victoria Park Action Group	The maze has some water-resistant bricks missing, approximately 50 of them. The maze is a unique feature of Victoria Park, it has a lot of admirers, there is a petition going with 259 signatures asking for it to be fixed.	£300.00
