

Welcome to the fifth Bristol Joint Strategic Needs Assessment (JSNA) Bulletin of 2025/26, our regular update to let you know which new data sections have been recently released.

## **Bristol JSNA Health and Wellbeing Profile 2025/26 – Latest updates**

This month we are publishing 2 section updates. The JSNA updates are published by theme and then in alphabetical order – see: [JSNA Health and Wellbeing profile](#).

For our August edition we are pleased to report the following updated sections:

### **Wider Determinants**

Pupil absence

Not in Education, Employment or Training (NEET)

If you would like to know more about the JSNA in general and why it's produced please see our web-page [\*\*About the Joint Strategic Needs Assessment \(JSNA\)\*\*](#)

### **Other updates:**

- The newly updated **Population of Bristol** report is available on the [Population of Bristol](#) web page. The report presents new ONS mid-2024 population estimates, together with the latest migration trends and population projections.
